Objectives

- Learn the scientific part of organizing a conference
- More precisely
 - How are papers affected to reviewers?
 - How to review a paper?
 - How to select papers based on their reviews?
 - How to set up the conference program?

Outline of the process

- You become a member of the PC
- You bid on papers that interest you
- Papers to review are attributed to you
- You read the papers and write yours reviews
 - (you delegate the work to somebody else) NOT HERE 😊
- You upload your reviews
- (You adjust your reviews based on the others)
- You participate to the PC meeting
