Now it's your turn to work

- Choose one topic
- Do some research
- Write 3 questions you want to answer, give 4-5 line hints on the possible answers for each
- Send 1 page with questions/hints to YP to get your topic validated

Some topic proposals

- Scientific blogging
- Open data and e-science
- Crowdsourcing and science
- Do-it-yourself science
- Science and fablabs
- Evolution of citations and impact factor
- PeerJ & eLife
- Collaborative active digital reading
- Scientific social networks
- Digital Humanities
- Crowdfunding and science
- Open science
- Self science
- ...

Now it's your turn to work

- Choose one topic, have it validated
- Create an online webography/bibliography
- Write a short paper

Write a short paper on your topic

- 2 columns, 3 pages, ACM conference style
- Be careful with your **argumentation** and the general **organization** of the paper
- Be precise with the **references** you use
- Have good **title** and **abstract**, wisely choose your **keywords**, write a great **introduction**

Now it's your turn to work

- Choose one topic, have it validated
- Create an online webography/bibliography
- Write a short paper
- Upload the paper on easychair
- Evaluate 2 papers with the criteria you used for the program committee
